## PATAVIUM BRASS AUDIO ONLY ENTRY PANELS

The Elvox® 2200 Series PATAVIUM Entry Panels are designed to be durable and elegant. The 2200 Series is modular allowing components to be combined with button adder panels (Series 2000) of the same height to increase capacity. Constructed of solid brass coated with titanium, the PATAVIUM 2200 Series is built for durability and long lasting beauty. A backlit name tag is provided with each apartment ring push-button. The panels accept the 930 Series speaker mics. Compete with recess mounted backbox. All electronics and switches are mounted in the backbox for easy installation and service. The brass front plate is mounted only after all terminations and testing is complete.

### General Information

- Vandal resistant IP45 rated
- Recess mount
- Solid Brass Construction
- Stainless steel apartment push-button switches.
- Backlit push-button name tags
- Panels can be ganged together horizontally to build larger panels
- Ultra durable Titanium treated finish.
- Accepts 930 series speaker mic allowing use with all Elvox audio systems
- Electronics and switches are mounted in backbox to facilitate installation and service as well as protect Brass plate during installation and testing.

### Specifications

<b>Call Origination:</b>	Stainless steel switches
<b>Speaker/Mic:</b>	930/000 930/836 930/037
<b>Push-buttons:</b>	Vandal resistant solid push-buttons.
<b>Mounting:</b>	Recess Mounted (2.25" Recess Depth)
<b>Construction</b>	Solid Brass coated with Titanium
<b>Directory</b>	Lexan covered backlighted name tag
<b>Dimension</b>	7" W x 2.25" D See chart on reverse side for height dimension for each panel
<b>Hardware:</b>	Tamper resistant screws requiring special tool. (Tool supplied with each panel)

## PATAVIUM Audio panels for use with 930 Series Speaker Microphone

## PATAVIUM Push-button adder panels

### 2200 SERIES PATAVIUM AUDIO PANELS

These audio panels have provision for mounting 1 930 series speaker mic (930/000, 930/836, 930/037) allowing use in all Elvox audio systems or as an audio only panel in a Video system. Use in systems with the following power supplies:

**931- 931/OCT- 936- 938- 985- 6837- 837/OCT-6680 - 6681 and (M832+930/037)**

### 2000 SERIES PATAVIUM ADDER PANELS

The 2000 Series Patavium added panels are constructed to the same standards as the Audio and Audio/Video Panels. These adder panels allow for larger systems to be constructed. Multiple panels can be combined horizontally to construct a panel of virtually any capacity.

Models	Panel Dimensions	Backbox Dimensions.
2004 (2202)	(4.75"(7") x 8.25")	(4.25"(6.5") x 6.5" x 2.25")
